

Why TSO's need to take the environment seriously and the Role of RGI

Antonella Battaglini, Executive Director RGI
Glasgow, 16th June 2011

From conflict to cooperation

History

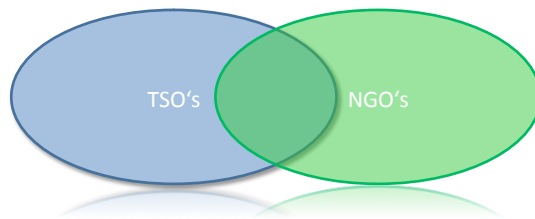

Lack of common objective

From conflict to cooperation

Today

Common challenge:
renewables

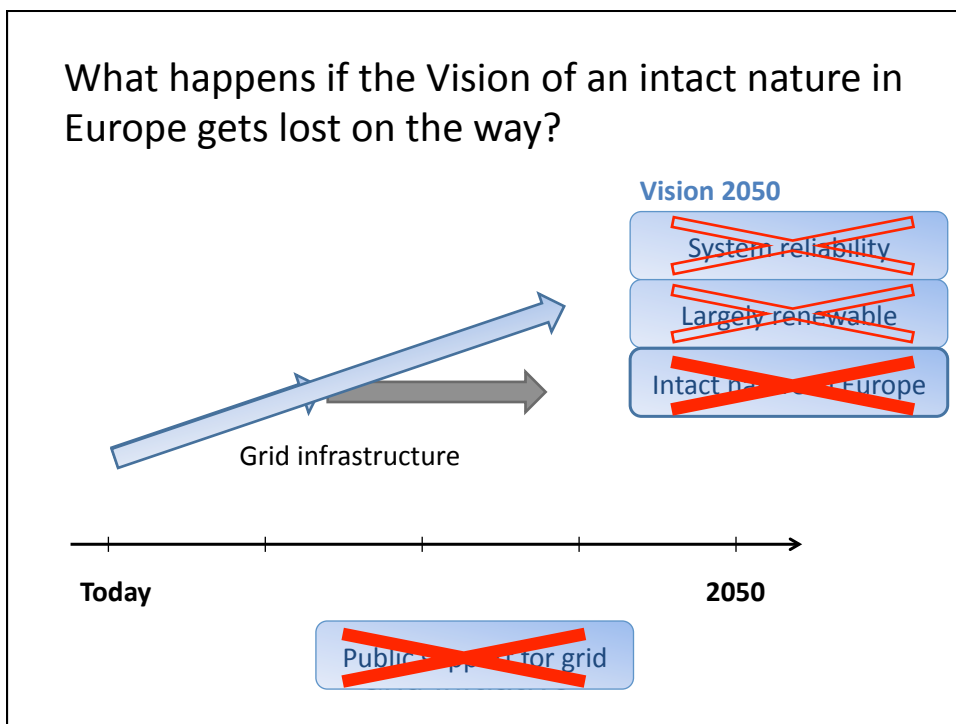

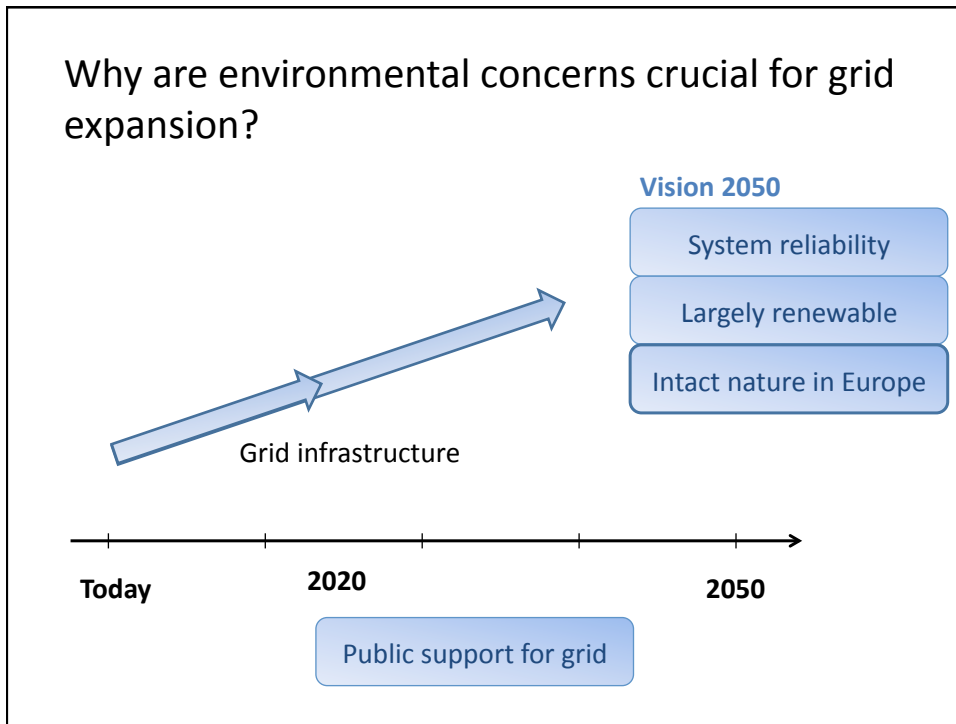

Renewables 
Grid Initiative

RGI: Bringing together NGO's and TSO's to support
the integration of renewable energies in the grid

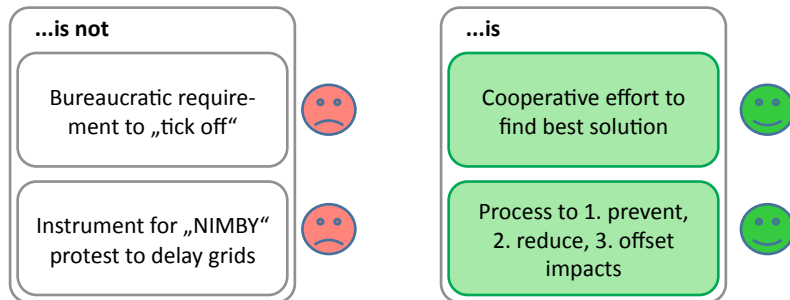

Renewables 
Grid Initiative

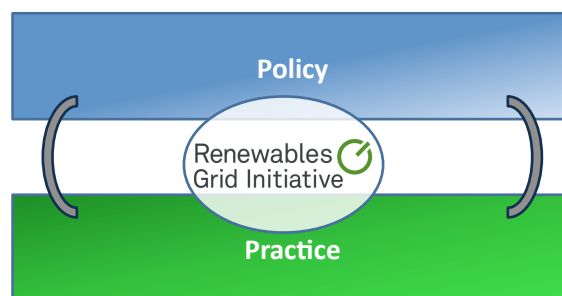

Good Environmental Impact Assessment is needed

Good EIA....

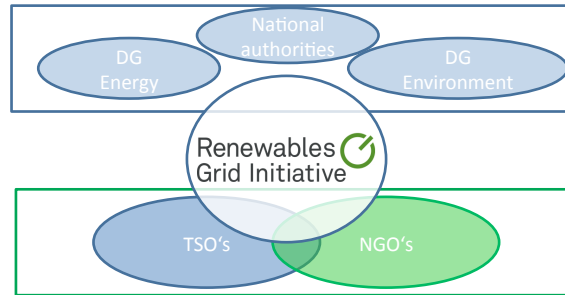

Renewables 
Grid Initiative

How to achieve good EIA? Policy and practice must work together!

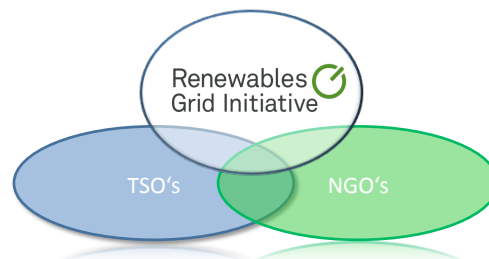

Renewables 
Grid Initiative

RGI will start off the development of guidelines for EIA for transmission grids

Renewables 
Grid Initiative

RGI will start off the development of guidelines for EIA for transmission grids – your help is needed

Renewables 
Grid Initiative

We look forward to a good workshop!
